Pending verification — items marked **[confirm]** could not be read with certainty on the original or need sign-off:

- The day blocks combine four sources: the printed Sales SOP (10:30–5:00), the Lakshy plan (10:00–6:30), the IndiaMART note and the Day Planner. Please sign off the timings.
- B6 Break (30 min): inferred from the 2:00–2:30 gap in the Lakshy plan. Confirm the break time and length.
- B10 End-of-day (last 30 min): added so each 9-hour shift ends with the printed SOP's end-of-day checklist.
- Morning-tasks note: "WeChat / Ichu Ine chahiye" and the lines "INDIA → ..." / "Australia → ..." are partly illegible and not yet included.
- C22: the meaning of "App sheet data till No. of deals → 1", "Self deal data – 1" and "Domestic data – 2023 – 1" needs confirming.
